SMARTPHONE COMPULSION TEST

By Dr. David Greenfield, Center for Internet and Technology Addiction

Answer Yes or No to the following questions. Your score is the total number of "Yes" answers.

- 1. Do you find yourself spending more time on your cell or smartphone than you realize? (Yes/No)
- 2. Do you find yourself mindlessly passing time on a regular basis by staring at your cell or smartphone? (Yes/No)
- Do you seem to lose track of time when on your cell or smartphone? (Yes/No)
- 4. Do you find yourself spending more time texting, tweeting, or emailing as opposed to talking to people in person? (Yes/No)
- 5. Has the amount of time you spend on your cell or smartphone been increasing? (Yes/No)
- 6. Do you wish you could be a little less involved with your phone? (Yes/No)
- 7. Do you sleep with your cell or smartphone (turned on) under your pillow or next to your bed on a regular basis? (Yes/No)
- 8. Do you find yourself viewing and answering texts, tweets, and emails at all hours of the day and night—even if it means interrupting other things you are doing? (Yes/No)
- 9. Do you text, email, tweet, Snapchat, Facebook message, or surf while driving or doing other similar activities that require your focused attention and concentration? (Yes/No)
- 10. Do you feel your use of your cell or smartphone decreases your productivity at times? (Yes/No)

- 11. Do you feel reluctant to be without your cell or smartphone, even for a short time? (Yes/No)
- 12. Do you feel ill at ease or uncomfortable when you accidentally leave your smartphone in the car or at home, have no service, or have a broken phone? (Yes/No)
- 13. When you eat meals, is your cell or smartphone always part of the table place setting? (Yes/No)
- 14. When your cell or smartphone rings, beeps, or buzzes, do you feel an intense urge to check for texts, tweets, emails, updates, and so on? (Yes/No)
- 15. Do you find yourself mindlessly checking your cell or smartphone many times a day, even when you know there is likely nothing new or important to see? (Yes/No)

Interpreting your score

- **1-2:** Your behavior is normal. It does not look like you indulge in problematic smartphone usage.
- **3-4:** Slight cause for concern. Looks like you're leaning towards compulsive use.

5 or above: It's very likely that you have a problematic or compulsive smartphone usage habit.

8 or higher: Severely problematic smartphone usage. You will significantly benefit from behavioral deaddictions.
